

GHOSTCORE WEAPON SYSTEMS - BLACKFILE

Designation: GOLGOTHA'S DART

Weapon Classification: Drone-Fired Plasma-Tipped Kinetic Munition

Alias: The Whisper of Judgment

Deployment Class: GhostFleet Stealth Drones

Strategic Use:

- Fires silently from WraithSkin-covered drone pods
- Plasma tip breaches hardened hull or deep shielded AI cores
- Kinetic core delivers high-velocity penetration > 18,000 m/s
- No active cooling, no signature - zero warning

Symbolic Reference:

Golgotha - the place of the skull. Once launched, judgment is guaranteed. There is no reprieve.

Tactical Pairing:

- Followup to Abaddon's Harrow to neutralize survivors or strike internal systems
- Can carry anti-AI static pulses to corrupt onboard intelligence or relay deception

Payload Notes:

- Plasma edge activates on terminal burn, enabling deeper cut
- EMP option for systemic disruption or stealth AI takedown

Outcome:

There is no echo. No fire. Just silence - and failure to respond.
