

GHOSTCORE SYSTEMS - BLACKFILE

Designation: THE CROSS

System Classification: Overcharged Photon Discharge Cannon

Codename: The Cross

Operational Role: Capital Ship Suppression / Strategic Radiation Weapon

Strategic Use:

- Fires a burst of divine photonic energy for 950ms
- Generates intense thermal + radiation wavefront, overwhelming shielding and core integrity
- Ideal for mid-range capital ship engagement and command vessel vaporization

Deployment:

- Mounted on spinal slots or cruciform emitter arrays aboard GhostStar-class ships or defense stations
- Requires PhotonCore direct loop and capacitor overbank
- Automatically concealed via WraithSkin vent shroud post-discharge

Symbolism:

The weapon is shaped like a cross.

And when it fires - so is everything else.

Outcome:

The sky splits.

Hell rises.

And for one holy second - nothing survives.
